

Decision Support Systems: Lessons for the 80s (Classic Reprint)

Excerpt from Decision Support Systems: Lessons for the 80s Five years ago the concept of Decision Support Systems was still a little hard to explain and relatively few managers saw dss as much more than a fad. Now, they are well - established as an important, practical and intellectual contribution to the effective application of computers to organization planning and decision making. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
