

Crown of Renewal (Paladins Legacy Series)

Acclaimed author Elizabeth Moon spins gripping, richly imagined epic fantasy novels that have earned comparisons to the work of such authors as Robin Hobb and Lois McMaster Bujold. In this volume, Moon's brilliant masterwork reaches its triumphant conclusion. The mysterious reappearance of magic throughout the land has been met with suspicion, fear, and violence. In the kingdom of Lyonya, Kieri, the half-elven, half-human king, struggles to balance the competing demands of his heritage while fighting a deadly threat to his rule: evil elves linked in some way to the rebirth of magic. Meanwhile, in the neighboring kingdom of Tsaia, a set of ancient artifacts recovered by the former mercenary Dorrin Verrakai may hold the answer to the riddle of magic's return. Thus Dorrin embarks on a dangerous quest to return these relics of a bygone age to their all-but-mythical place of origin. What she encounters there will change her in unimaginable ways and spell doom or salvation for the entire world.
