

## The Monitor Ritual

Tolivers adventure begins when he is abducted and swept away from San Francisco on the first day of his summer vacation. Strange things begin to happen to him as he discovers that he possesses supernatural powers that enable him to harness the physical energy surrounding him and empower him to do fantastic things unimaginable things. His powers become known to an ancient underground association of one hundred paranormal conspirators who will stop at nothing to take advantage of his youth and inexperience to further their control over global events. These conspirators, the CENT, have evolved over thousands of years with their roots dating back to the beginning of civilization. There is non-stop action, romance, conspiracy and multiple plots that all center on an intense power struggle within a group of people with unbelievable powers that are all determined to win Tolivers alliance. It turns out Toliver doesnt know just how powerful he had become.
