

Introduction To A Life Of Blood: Violet in Bloom (Volume 2)

Violet is left beaten and minutes away from death's door. Tafarus in an effort to seek revenge for his fallen love drinks from her in an effort to gain a semblance of strength only to fall victim as well to the very same vicious mob boss who caused his Violet to wither and die in his arms. Fortunately when dealing with the world of a two centuries old vampire death sometimes is just the beginning. What will Violet do as she awakens to a new undead life filled with new adventures? An old enemy from the past surfaces hell bent on creating his own destiny. An old ally lets his presence finally be known and provides aid and powerful alliances needed to fight a war and survive a journey. At the end of the day will love conquer all or are some battles too great for love to face?
