

## Scarlet Ribbons: is it all real, or just a dream?

The heartbreaking supernatural story of Maggie Haynes, an English housewife. When a dirty blue car mows her down outside her local supermarket, she becomes trapped in the nightmare world of a coma patient. Coming from a happy and contented marriage, Maggie is unprepared for the traumatic and violent lives she encounters in her travels. In this very different world, she rescues an abused and neglected child. When it looks as though she will finally wake up, she cannot bear the thought of leaving the child behind. But is this other world real, or was she just dreaming? And if it is real, can she help this child?
