

## The Guardian Trilogy

When you think of the Bible and Guardian Angels, you know only half the story. There is a mountain in Colorado known as Father Mountain to its inhabitants. Living within Father Mountain are Earth-based angels known as Guardians. Don't be mistaken; Guardians are not Guardian Angels, their Heaven-based counterparts. No, Guardians are even more amazing. They have a limited control over time, which enables them to be by their Kinders side even before the Kinder becomes in need. Whereas a Guardian Angel has only the ability to forewarn, the Guardian has the ability to act. Where once their presence on Earth was a highly guarded secret, the awareness of their existence is now slowly spreading throughout the world of the Kinder. The Guardian Trilogy is a compilation of three life stories involving the interaction between Earthlings, The Kinder, and Guardians.
