

Taken: Paranormal Vampire Romance: The Vampire Huntress #3

Sophia Glen is the bait. Ezra has been taken by the vampire who marked Sophia as his own. And the only way to get her mentor back is to give herself over to Sebastian. Forever. But the rest of her friends believe there must be a better way, especially Viktor and Silas. As the manhunt intensifies, Sophia finds her relationship with Viktor growing stronger. Partners in every sense, Sophia is comforted by the fact that she doesn't have to be alone. Yet she struggles with the possibility of losing Silas, despite knowing that her life as a hunter is over. When Viktor gathers a group of shifters and demons to fight by their side, Sophia's hopefulness increases. Perhaps she can get Ezra back without sacrificing herself. But they've all been tricked and the consequences are devastating. The power has shifted out of their control. And Sophia will never be the same again.

This story contains strong sexual themes for insatiable appetites and is not recommended for readers under the age of 18.
